FUELLING THE FUTURE

COVID-19 RESPONSE

City Catering is working with schools to ensure that pupils have access to hot nutritious meals during the school week. Our working methods have been reviewed to help reduce risk of virus transmission to keep pupils, schools staff and our catering staff safe.

Our menu has changed, we now offer a single choice menu which runs over a three week cycle. You will still find classic favourites such as roast dinners, sausage and mash and 'Fish Fridays' on this menu along with a daily vegetarian option.

This menu supports our catering staff working at a distance in the kitchen, meals can also be served on disposables giving flexibility to the service should pupils need to eat in multiple locations within the school or school grounds. This further supports social distancing measures.

We continue to safely provide nutritious and varied meals for all children with special dietary requirements. For more information, please contact our Nutritionist jenny.roberts@stoke.gov.uk

Our catering staff are used to working to high levels of hygiene and cleanliness but standards have been tightened further following government guidelines. Practices are in place to minimise risk of infection; staff are all aware of their responsibility.

As we adjust to a new style of school life please feel free to contact us should you have any questions:

REMINDER

Pupils in Reception, Year 1 and Year 2 are entitled to a daily meal for free under the government's initiative called Universal Infant Free School Meals. There is no need to register for this scheme simply request meals via your school.

For those whose circumstances may have changed over the last few months it may be worth enquiring whether your child/ren are entitled to join the Free School Meal scheme.

Scan the QR code or visit
