

Monday 29th June 2020

Hello Y4,

I was really impressed by how many of you were on Teams with me last week. It was really lovely to see all your lovely smiling faces. I have so missed seeing you every day. I hope to see even more of you this week on Wednesday at the same time, 11am. I am looking forward to seeing your work you are busy preparing for the session about the times you have felt happy, sad, afraid or angry. Here is a link to the sheet I prepared, or, remember you can create your own.

There is more to do, as always, on our site...

Maths – This week is all about statistics.

English – There is an interesting picture of a Chicken Samurai. What piece of writing can you create to go with this strange picture? There is also a selection of reading comprehensions for those of you who love to read!

Science – This week we begin looking at Living Things and their Habitats. Can you find out what living things all have in common?

Creative – This is linked to the Samurai Chicken! Can you create a new suit of armour for him, or for a different creature?

Stay safe, keep busy, and I will see you all on Wednesday.

Mrs Roberts
