Monday 15th June, 2020

Dear Year 5,

It seems like the last week passed so quickly and here I am again, writing another class letter!

I hope you are all well and myself and Mrs Root look forward to speaking to you over the next few days. It will be great to hear what you have all been doing with not only your home learning but other things you have done.

Once again, the Year 5 home learning website has been updated with new work for you to complete. There is some new work on The Victorians page looking at the life of Queen Victoria.

This week, on Tuesday 16th June, a national event called The Great Science Share is taking place. If we had have been in school, I would have been excited to hear about any Science questions you would have had. However, because of lockdown, this national event is taking place 'virtually' this year and so instead of your usual Science lesson this week, I would like you to visit <https://www.greatscienceshare.org/> and enjoy Science on this day. There will be live lessons throughout the day which look like they will be really enjoyable; I know I am going to try and watch some! Don't forget, send any photos to the school email address stjoseph@sjnewman.co.uk

So, that's it for another week. Remember, you will be getting a phone call at some point this week and it will be lovely to speak to you all.

Have a great week, and stay safe!

Mrs Marson
