Acting Executive Principal- Mrs D Farmer

Acting Head of School – Mrs R Wilson

Monday 18<sup>th</sup> May, 2020

Dear Year 5,

I hope you all had a great weekend. It was nice to see the sunshine back for a little while.

I know many of you have been accessing the class learning page and doing lots of the work on there. Please do keep checking the page as every week new learning activities get uploaded. This week, Mrs Root has uploaded a very interesting lesson about life in a Victorian school. As you will find out, there were lots of differences. Have a think about whether you would have liked to have attended school in those times! <https://sites.google.com/view/year5homelearningstjoca>

This week, I have made an effort to read before bed every night. I hope you have been managing to read each day. Maybe you have read a book you just couldn't put down. If so, send a book review to the school email address! I would love to hear about what you have been reading. [stjoseph@sjnewman.co.uk](mailto:stjoseph@sjnewman.co.uk)

This coming week is our last 'school' week before the May half term break so do try to keep up with your learning each day. Then, you will be able to have a well deserved half term break. The weather forecast looks great so it is the ideal time to try out the Science lesson on the class learning page. Your aim is to design a product that will keep an ice lolly frozen for as long as possible! I would love to see some photos!

Until next week, work hard and keep safe!

Mrs Marson
