Monday 20th April, 2020

Dear Year 5,

We hope you and your families have had a lovely Easter break. It is strange to think we should be coming back to school today and we are really missing you so, so much. Over the next week, listen out for the phone! You will be receiving a phone call from Mrs Marson and Mrs Root! The staff at school have been busy this week making a video message for you and your families. Have any of you seen it? If not, please go and look on the school Facebook page (St Joseph's, Goldenhill).

Just like you, we are all having to get used to working at home. We are busy on our class webpages, planning lots of home learning, completing online courses and getting ready to write your school reports. Remember, our class learning page at <https://sites.google.com/view/year5homelearningstjoca> Each week there will be new activities but remember that it is fine if you do not complete all of these. The most important thing right now is that you stay safe, have fun, try to keep active and be the amazing young people we know you are.

There have been a lot of updates to the site including a page where you can see and hear what we have been up to. Remember too that you can email us at the school email address and tell us what you have been doing. stjoseph@sjnewman.co.uk

This week, Mrs Marson heard from our linked farmer, Farmer Sam. He has sent a few short video clips and so I will upload those to our class webpage. As you can imagine, he is very busy at this time of year but he wanted to send a big 'hello' to you all and to tell you that Coco the calf is doing really well.

We would love nothing more than to be back in school but we have to remember that home is the safest place at the moment. Whenever you can, try to do some learning at home but remember the most important thing is to look after yourselves and your families.

Until next week, take care!

Mrs Marson, Mrs Root, Mrs Kelly and Mrs Brown
