

## Week Commencing - 13th July 2020

Hello Year 2!

Well, we have finally come to the last week of Year 2! Although it has been a bit of a strange year, we hope you have enjoyed your time with us as much as we have enjoyed teaching you, and that after “meet the teacher” last week you are looking forward to starting in Year Three in September!

Before we look at your very last challenges for the year, a reminder to try to do these things every day - and try to keep them up over the summer holidays!

### Learning challenges to check out on the website this week:

**English** - This week's English work - I have added a Summer Activity Booklet to the home learning page - there are lots of activities inside to have a go at!

**Maths** - In Maths this week we look at position and direction. Find out how to describe movement and direction on the maths page.

**Science** - Try out the Super Villian Investigation on the home learning page.

**RE** - In RE we think about listening to God's word during the Mass and how important it is to think about what the readings at Mass are telling us.

**Creative Curriculum** - In our next Local history lesson we look at the history of our school. Have you ever wondered when our school was built and how it has changed over the years? As this is our last week, there is also a bonus lesson about Goldenhill then and now—have a look at some old and new photographs to see how the village of Goldenhill has changed!

The link to our **Home Learning Site** is below.
