

## Week Commencing - 20th April 2020

Hello Year 2, and welcome to the Summer Term!

We hope that you have all been having fun over Easter and enjoying the lovely weather! Don't forget to try to do these things every day!

**READ**

**write**

**TIME TABLE ROCK STARS**

### Learning challenges to check out on the website this week:

**Grammar** - Take a look at the Punctuation and Grammar page to find this week's learning challenges which are all about adjectives and expanded noun phrases. If you are feeling confident, there is a final challenge for some descriptive writing to practise using expanded noun phrases in your own writing!

**Maths** - To finish our "Time" topic, on the Time page there is some work about units of time and comparing and sequencing time. I really enjoy the "Fling the Teacher" units of time game - I'm sure you will too!!

**Science** - Our new Science topic is Plants. Did you go on a seasons walk? How are the plants around you changing now we are in Spring?

**RE** - As we continue through the season of Easter, on the RE page is some work about symbols of Easter and a worksheet where you can design your own Paschal Candle.

**Creative Curriculum** Our new **Geography** topic this term is called "Exploring Where We Live." This week is all about maps and you can have a go at creating your own map. Why not share your maps with us? On the computing page you will also find a link to our new **coding** topic and there is a royal theme on the **Art and D&T** page!

The link to our **Home Learning Site** is below.
