

Week Commencing - 11th May 2020

Hello Again Year 2,

We hope you are all well, it was lovely to get to speak to so many of you on the phone again this week and hear about what you have been doing to keep busy and have fun with your families. It was also great to hear about the things you have been learning about at home. Well Done!!

Happy Birthday to Morgan who was 7 on the 9th of May, we hope you had a great day!!

Learning challenges to try out on the website this week:

English - This week we have set you tasks linked to the story 'The Snail and the Whale' by Julia Donaldson. Visit the website to find these tasks.

Maths - Go to the website and find the maths tab for this week. This week we would like you practice adding 2, 2 digit numbers.

Science - Our new Science unit is 'Living things and their Habitats'. Visit the website for this weeks activities.

RE - This week we will be learning about the Church and the things we see inside a Church and what they are used for. See the website for a video to watch and activities to do.

D and T - Can you create your own habitat using a shoebox? It could be a polar habitat, an ocean habitat, a rainforest habitat or a woodland habitat. You can find lots of ideas to help you create your own shoe box habitat on the internet.

PE - Have you seen the weekly competitions on the school Facebook and twitter pages? Take a look!! There's a new competition to enter every week and they are a really good way of keeping active and having fun!

The link to our **Home Learning Site** is below.
