

Dear Year 3,

I hope you are all doing well, keeping active and safe. It has been lovely to speak to you all over the last week. It has made me very proud to hear how well you are all doing, working hard and having fun too!

There are lots of new learning activities and ideas on our class google site this week.

<https://sites.google.com/view/year3homelearningstjoca>

Look out particularly for the PE section where I will be posting a link and information about the North Stoke school games weekly virtual competitions.

There is also a new feature on the home page for you to have a look at!

Remember that the activities on the google site are there as ideas and there's no need to do them all! Do as much or as little as you need to.

Remember to send any photographs or updates to stjoseph@sgnewman.co.uk we love to see how you're getting on!

The May reading challenge is still going, see if you can beat me! (Remember that there are links to e-books and audiobooks on our class page.)

I am missing you all and you are all in my prayers.

Stay safe, be happy!

Miss Stephenson x
