

Hello Year 6,

We really miss teaching you and watching you grow, but we also hope that you are all keeping safe and staying healthy. You have all achieved so much already this year and this challenge we face is only showing what fantastic and resilient young people you are.

Some of you might be feeling unsure or worried about what the future might hold; this is normal! If you are feeling like this, make sure you talk to your families and do things which make you happy.

Please keep working through the initial work pack for now. We will set you some new tasks next week; we have got some interesting activities and projects to keep you engaged and learning in the weeks to come. Keep up with your daily reading and some daily maths.

Be active! Some of you might have been doing Joe Wicks' morning PE lesson – that's great! Exercise is a wonderful way of relaxing and keeping your mind occupied. There will be some more active learning opportunities in your next pack!

The link below will take you to a page full of various prayers to help you through this challenging time. With prayers for the ill, hospital workers and for the world itself, these may be of comfort to you and your families until we are able to gather together again. These prayers may inspire some of you to write your own; that would be wonderful!

Keep safe and stay in touch Year 6 – we are thinking of you all the time!

Mrs Cox ☺ & Miss McGough ☺
